## Latest Fiction Release from Author Scheidies Tackles Tough Topics

BEYOND FEAR—Fear to Faith is the latest release from author Carolyn R Scheidies. Scheidies said, “BEYOND FEAR tells four stories of shattered lives made whole again through faith, God’s love, and romance.”

Each of the stories in this collection deals with an aspect of fear stemming from rape, abuse, rejection, and disability. Who is the book for? BEYOND FEAR is for who like inspirational romance fiction, as well as for those struggling with the hopelessness of fear, hurt and pain.

Many today are cautious about reading non-fiction, fearing the writing will be dry and boring. However in a search for something that works in everyday life, many will turn to fiction, especially fiction that deals with problems similar to those they may be facing.

Scheidies said, “BEYOND FEAR—Fear to Faith reaches out those of us who are hurting and struggle with fear through stories that embody truth and show a practical application of faith.”

Scheidies herself has faced fear and BEYOND FEAR also shares her story of struggle and victory.

Carolyn R. Scheidies’ credits include over two-dozen books. She’s written for a variety of publications, and has a regular column in a regional paper. Scheidies operates AUTHOR’S CHOICE REVIEWS <http://IDealinHope.com/bookreviews> and I DEAL IN HOPE <http://IDealinHope.com/author> web sites along with her Devotional Blog <http://IDealinHope.com/blog>. Scheidies speaks to different groups, leads workshops on writing, and guest lectures at the University of Nebraska at Kearney (UNK).
